Email: soorajr0000047@gmail.com
Mobile: +91-7907246673

SKILLS

• Languages:	C++, Java, C, Python, Kotlin, SQL
• Frameworks:	Pytorch, Pandas, NumPy, Scikit-learn, FastAPI
• Tools:	Google Colab, Jupyter notebook, IntelliJ idea, Android Studio, MySQL, Git
• Soft Skills:	Problem-Solving, Adaptability, Time Management

PROJECTS

Pneumonia Detection System using deep learning Link	Jan 2026 – Feb 2026
- Developed an end-to-end AI system to identify pneumonia from chest X-ray images using a Kaggle dataset. - Implemented Transfer Learning with a ResNet18 architecture in PyTorch, achieving a test accuracy of 83.81%. - Developed a web-based REST API using FastAPI so users can upload images and get real-time predictions. - Implemented image preprocessing using Pillow and Torchvision to ensure data consistency between the training environment and live API calls. - Utilized Swagger UI for automated API documentation and interactive testing of the model’s prediction endpoints. - Tech: Python, PyTorch, ResNet18, FastAPI, Uvicorn, NumPy, Pillow, Kaggle Dataset.	

AI Therapist(Gen Z) Link	Nov 2025 – Jan 2026
- Engineered a high-performance voice agent achieving <500ms latency by leveraging Groq LPU to accelerate Llama 3 inference, eliminating standard AI voice delays. - Developed a native Android (Kotlin) interface featuring a state-based avatar that creates an immersive experience through real-time lip-syncing and active listening animations. - Built a FastAPI backend that manages conversation history and injects a custom Gen Z system persona to ensure empathetic, slang-aware, and non-robotic responses. - Tech: Android (Kotlin), Python (FastAPI), Groq Cloud, Llama 3, REST APIs.	

TRAINING

Java Bootcamp – Lovely Professional University Certificate	Jun 2025 – Jul 2025
- Completed an intensive training program focused on Java programming, data structures, and competitive coding. - Gained hands-on experience solving LeetCode and Codeforces problems and developing efficient algorithms. - Strengthened core programming, problem-solving, and analytical thinking skills through structured practice and guided mentorship.	

ACHIEVEMENTS

• Successfully merged code into the FOSSASIA PSLab Android App (PR #3037) to fix broken documentation links and improve project navigation.	Feb 2026
• Earned a Bronze Level Badge in Problem-Solving on HackerRank , validating proficiency in Data Structures and Algorithms, and efficient code implementation	Feb 2026
• Solved 50+ coding problems on LeetCode , improving algorithmic thinking and proficiency in data structures .	Jan 2026

CERTIFICATES

• Java (Basic) Skill Certification – HackerRank Link	Feb 2026
• ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM – Infosys Springboard Link	Nov 2025
• Computational Theory: Language Principle & Finite Automata Theory – Infosys Springboard Link	Aug 2025
• Computer Communications – Coursera Link	Nov 2024

EDUCATION

Lovely Professional University	Punjab, India
• Bachelor of Technology - Computer Science and Engineering; CGPA: 7.00	Aug 2023 – Present
NSS Higher Secondary School	Kottayam, Kerala
• Intermediate (PCM); Percentage: 94%	Jun 2021 – March 2023
Clemis School & Junior College	Kottayam, Kerala
• Matriculation; Percentage: 91.3%	Jun 2019 - March 2021
